III. Feedback from Curriculum Development Committee:

As per the suggestions received from feedback of the curriculum committee are incorporated in the syllabus **(Refer #)**

To,
The Chairperson
Board of Studies

Sub: Suggestions from students to bring some changes in the syllabus

- Have more practice based and practical curriculum
- Every subject must not be so detailed.
- No need to improve curriculum it's fine right now
- Use better graphics and visual media
- More practical with examples.
- Please provide syllabus that used in real life industry jobs
- In the certificate courses please add courses relating to stock market, PMS, mutual funds, etc. So, everyone can learn how to manage money.
- In depth knowledge about the highly informative concept or the concept used in professional life
- The curriculum is done at its best. From my point of view, I believe there's no need of any improvements as everything is satisfying.

**Minutes of the Meeting
Board of Studies – Banking and Insurance**

Date: 05th April 2022

Time: 11.00 am

The meeting was held online on Zoom platform. The Chairperson welcomed the members of the Board of Studies and introduced all members including two new faculty members in the Department of Banking and Insurance. The suggestions provided in the feedback by students were kept in mind while revising the syllabus.

The members present in the meeting discussed the following:

1. Revision of the Syllabus of Principles and Practices of Banking and Insurance (PPBI) – Semester I, First Year B.Com (Banking and Insurance)

- A change was suggested by Mr. Venkatesh in the Unit IV. 'Concept of FDI in Insurance Sector' was proposed to be introduced instead of 'Claim Settlement Process'. The reason behind the suggestion was that 'Claim Settlement process' topic is covered in V semester course titled – 'Procedures and Documentation in Banking and Insurance'.

- As per the feedback and suggestions by students it was suggested to introduce topic dealing with competitive exams related to banking sector. The idea was seconded by Mr. Mahadevan who said that awareness with regards to this topic will be very useful for the students.

The chairperson of the meeting welcomed the suggestion and agreed that it is an important topic to be taken up but found it difficult to incorporate the same in the syllabus of this particular course. Prof. Muzammil and Mr. Venkatesh agreed to this and suggested that it can be taken up as separate sessions in the form of workshop. This was accepted and approved by all the members.

- Mr. Divesh Mishra suggested to introduce topics like Crypto currency, Bitcoin and Fintech. Mr. Venkatesh informed that these topics are introduced in Semester II in the course named 'Information Technology in Banking and Insurance'.
- Mr. Divesh Mishra also suggested to introduce studying of Bank's Account Opening form. Venkatesh Sir informed that the same was done in semester V in the course titled – 'Procedures and Documentation in Banking and Insurance'.

2. The revised program structure of BBI was put forth by the chairperson and approved by all the members. Members were informed about the following changes:
 - Reduction in the number of courses from 7 to 6 in Semester I, II, III and IV.
 - Increase in the number of credits.
 - 5 Subjects in Semester 5
 - 5 subjects + 1 Project in Semester 6
3. Introduction of course titled 'Marketing in Financial Services' – Detailed overview with regards to the topics to be included in this course was put forth by Mr Venkatesh. All the members approved the same and it was decided that syllabus for the same will be framed and approved in the next year.
