A brief summary of the K-Skool sessions that were held: (as per time table)

A one-of-a-kind training programme called K-School Session was developed by our college to provide students a foundation of soft skills that would give them an advantage in both their professional and personal lives. Kskool is a management project to influence holistic all-around personality development in college students.

By emphasizing English speaking, vocabulary, grammar, and phrases, this course aids students in improving their communication skills. Teaching pupils in professional etiquette, body language, dress code, and personal grooming. People can benefit from training in successful presentation techniques, presentation delivery and organization, and audience participation. Enhancing each person's interviewing abilities in both individual and group settings, through a grasp of intrapersonal and interpersonal communication, one can demonstrate and emphasize themselves appropriately in social and professional settings. By learning about team dynamics, practicing conflict resolution, and learning time management skills, training is crucial for developing participants' leadership qualities.
